Unspoken Words

Junta Egawa

22.9.3-9.24

eitoeiko is pleased to present “Unspoken Words”, a solo exhibition by Junta Egawa from September 3 to September 24. Since winning the Tokyo Wonder Wall Award 10 years ago in 2012 and being selected for the VOCA exhibition the following year, Egawa has been experimenting with various approaches to update his oil paintings. Rather than sticking to his own acclaimed paintings, the artist has continued his quest for expression that goes beyond them. In this exhibition, we will show a large painting and more than a dozen oil paintings in various sizes.
